

A turn for the better!

Lowell Corporation

Heavy Duty Strap Wrench

Turn any shape without scratching, denting or crushing.

**SIMPLEX
WRENCH**

The Simplex has a single piece design with contoured palm shaped handle. The strap attaches to the wrench with a “pound –in” wedge. Straps on the larger models are latex coated for increased gripping power. The strap on the 6 inch version is ribbed and uncoated.

**WARNOCK
WRENCH**

The WARNOCK is the original strap wrench for handling highly polished and smooth surfaces. A rugged shackle swings away from the handle allowing quick adjustment of the strap. The strap is latex coated for increased gripping power.

| Model | Handle Length | Strap Length | Strap Width |
|-------|---------------|--------------|-------------|
| S-6 | 6 | 22 | 1/2 |
| S-12 | 12 | 17 | 1-1/4 |
| S-18 | 18 | 30 | 1-3/4 |
| S-24 | 24 | 54 | 2-1/4 |
| W-12 | 12 | 32 | 1-1/4 |
| W-18 | 18 | 44 | 1-3/4 |
